

Meeting Minutes – Practical Exercise 4 (Data Mining)

Date:	March 15, 2026
Meeting Mode:	Online Discussion
Course:	BBT 3201 – Data Mining
Topic:	Netflix Titles Dataset Analysis (Data Understanding & Data Indexing)

Members Present

1. 136532 Peter Maina
2. 136395 Jeff Kioko
3. 121353 Samuel Brian
4. 120751 David Mwangi
5. 102155 Larry Otworì

Key Discussion Points

- Reviewed assignment instructions for Practical Exercise 4.
- Agreed to use Python (pandas and numpy) in a Jupyter/Colab notebook.
- Outlined notebook structure: data loading, data understanding, and data indexing.
- Assigned repository setup and GitHub workflow for group collaboration.
- Agreed to include group evidence and final submission before the deadline.
